

AZEK® Deck

Superior Stain Resistance

AZEK Deck's cellular PVC formulation resists stubborn stains such as wet leaves, fruit punch and the ketchup from your burger.

Superior Scratch Resistance

The dense surface resists scratches from screws, tools and other gear during installation, so you can work with less worry. After installation, AZEK Deck resists damage from everyday things like lawn furniture, dog claws and general traffic wear patterns.

Solid Workability & Beauty

AZEK Deck has the workability of wood and you will love the lasting beauty, with fourteen colors that resist fading and have the look, feel, and sound of real wood.

Truly Low-Maintenance

Unlike other decks, AZEK Decks require little maintenance to retain their beauty. An occasional cleaning keeps this beautiful decking looking new. AZEK Decks are mold resistant, since the cellular pvc formulation doesn't contain wood fibers which can promote mold and mildew growth.

Facts

- Engineered with cellular vinyl which minimizes expansion and contraction and contains no wood fillers that can compromise deck performance
- Unlike traditional wood decking and composites, AZEK Deck resists splitting, rotting, cracking, and cupping
- Fourteen long lasting colors in three collections all which require minimal maintenance
- Strong, dense surface helps reduce grain loss or scratching even in high-traffic areas.
- Resists tough stains and allows for easy clean up
- In-Deck Storage and Bench and Planter Hardware Kits are available

AZEK® Rail

AZEK Reserve

AZEK Rail has the look and feel of real wood coupled with high durability and low maintenance. AZEK Rail never requires painting and will not rot, peel or blister. Manufactured with proven technology under stringent standards, AZEK Rail provides a high quality railing system with guard rail strength performance.

Moisture and insect resistant, AZEK Rail is also easy to install and requires no special tools for installation. Each kit comes complete with pre-drilled parts and stainless steel hardware to make installation fast and convenient.

AZEK RESERVE Railing

AZEK Reserve Railing features a 5 1/2" wide flat top, contoured handrail and an elegant "over the post" design in lengths of up to 16 feet. AZEK Reserve is only available in White.

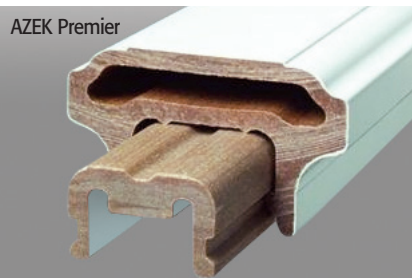

AZEK Trademark

AZEK Trademark Railing

AZEK Trademark Railing features a 3 1/2" wide rounded top handrail and is as beautiful as it is practical. A Colonial style railing, AZEK Trademark is available in White to complement any home.

AZEK Premier

AZEK PREMIER Railing

AZEK Premier Railing's exceptional design and wood-like qualities only add to the beauty of having a low-maintenance railing system. AZEK Premier features a 3 1/2" wide flat top handrail and is available in white and the 5 designer colors shown below.
