

HOME SLICKER® PLUS TYPAR®

Home Slicker® Plus TYPAR® is the combination of a moisture-eliminating rainscreen made by Benjamin Obdyke and the time-tested weather resistant barrier TYPAR® HouseWrap. You get the benefits of a rainscreen and weather resistant barrier in one product—and with one-step installation. Each roll contains the patented Home Slicker three-dimensional matrix bonded to TYPAR® HouseWrap, the premium residential and commercial grade housewrap. Home Slicker® 10 Plus TYPAR® was created to comply with Canadian building codes.

FEATURES

- Patented vertical channels direct bulk water out of the wall assembly
- Unique three-dimensional matrix provides a continuous space for drainage and drying, a thermal break, and pressure equalization
- Designed for use with wood, fiber-cement, and vinyl cladding systems
- 30-day UV exposure

BENEFITS

- Benefits of a rainscreen and weather resistant barrier (WRB) in one product
- Allows moisture to escape quickly before it damages the sidewall materials
- Helps protect the wall assembly from the deteriorating effects of mold and rot
- Reduces the chances of premature peeling or blistering of finishes
- Allows installation of a WRB and rainscreen at one time; eliminates the need for furring strips
