Royal[®] Exterior Decorative Mouldings

Royal Trim and Mouldings are 100% cellular PVC. Here's why that's 1,000% wonderful. It differentiates exteriors with all of wood's looks but none of its rotting, peeling, splitting or cracking. It's versatile enough to work with all kinds of architectural styles, is moisture and termite proof and comes ready to install direct to masonry or below grade.

- Royal decorative mouldings do way more than decorate. They insulate, protect and turn front porches into a center of neighborhood activity.
- They ramp up the curb appeal of any window, eave or doorway.
- Royal mouldings are low-maintenance, saving homeowners' weekends from painting and maintenance.
- They come ready to install, saving you time and labor.
- Create custom build-ups that simultaneously add value and curb appeal with just a few profiles.
- Our ready-to-install 100% cellular PVC moulding components are indispensable when it comes to making roof rakes more rakish and giving more flourish to window frames.
- They're moisture and termite proof, mold and mildew resistant and have a lifetime never rot warranty
